

The new rubbers entering LARC 2016A appear in **bold italics**, whilst other changes appear in **bold**, and both are **valid with immediate effect. Racket coverings that are withdrawn, now appear on the last page and are valid until 30 June 2016. So don't forget to check the last page of the LARC if you cannot find the racket covering you're looking for.**

Many racket coverings contain additional text in the rubber mould apart from the brand name and supplier's name and this does not disqualify them from the LARC. However, the brand name given in the LARC must be there (for example, Butterfly Sriver L and Butterfly Sriver S have the addition "D13"). Such texts could be positioned anywhere in the area reserved for the text on the rubber.

**How to acknowledge a racket covering from LARC:**

1. Make certain that you have the correct LARC (see date of validity, it is published twice a year, in April and October. Pdf files to be found on our website at all times: [ITTF.com](http://ITTF.com)).
2. The supplier and brand names as well as the ITTF logo and eventually ITTF number should be clearly visible on the rubber.
3. These names should appear in the LARC. If in doubt, check the images/pictures on the ITTF web site.

**LEGEND**

[R] or [B] Indicates that this brand name is available in only red or black respectively.

"Long" Under 'Pimple Type', this is used where the aspect ratio (= pimple height / pimple diameter) is larger than 0.89.

**01)** Supplier number, may appear in the rubber mould together with the ITTF logo.
